

FASTFRATE AND CPKC

CANADA & MEXICO SHIPPING ADVANTAGE

Companies shipping between Canada and Mexico need fast and reliable solutions. Our collaboration with CPKC introduces **the only direct rail line from Canada to Mexico**, providing safe, on-schedule delivery. Experience seamless door-to-door service with daily departures for Full Load shipments. Unlike the current shipping process that involves three rail lines to transport goods into Mexico, our direct rail line service offers faster transit times for your convenience.

FASTFRATE'S CANADA & MEXICO SHIPPING ADVANTAGES:

DIRECT LINE

The only direct rail line into Mexico from Canada with daily departures

TRANSIT TIMES

Faster transit times with the direct rail line.

LESS CONGESTION

Less congestion at the Mexico/US border, where non-direct service typically involves the use of interchanges.

SUSTAINABILITY

Intermodal is the more fuel-efficient shipping method. Rail transport, on average, is four times more fuel-efficient than road transport.

CUSTOMER SUPPORT

Fastfrate representatives fluent in Spanish.

Let Fastfrate help you find a complete solution that will meet and exceed your cross-border shipping requirements while facilitating the growth and success of your business.
